Surveyor's Note : Original Survey lines and/or corners shown hereon are approximate unless otherwise noted. Any acreages shown for the original survey's are also approximate and should not be relied upon as officially approved quantities. A diligent search was made for all the original corners that fell within the bounds of the property being surveyed and shown hereon, and it found would be shown hereon. A precise locative survey of the original survey lines and corners is a time consuming project that would extend well past the bounds of the property being surveyed and shown hereon, and is not within the scope of this survey, and is also subject to approval by the Texas General Land Office. The possibility of excess acreage within the original survey's shown hereon is not addressed by this survey.
